

Gabriel Schaldach Morgado

ABOUT ME

I am 18 years old and I've been studying programming since I was 15. I started with extracurricular classes in High School, and since then have developed personal projects especially on web development. My main experience is on the Frontend with Javascript, with React and Next as Frameworks. Personal portfolio: <https://portfolio-schaldach.vercel.app/>

PROFESSIONAL EXPERIENCE

Webphy, Balneário Camboriú – *Junior Full Stack Web developer*
03/2023 -

I worked at Webphy developing algorithms, prototypes, demos and websites that aggregated with the artificial intelligence created at the company, focused on computational vision and digitalization of the material world.
